le tonalità cromatiche di questi campioni sono solamente indicative e potrebbero risultare leggermente diverse  
the colours of these samples are intended as a rough guide and may differ slightly from the real shades

i pesi indicati a catalogo sono solamente indicativi - weights shown in our catalogue are approximately only

i lampadari sono forniti con rosone a soffitto, catena e parti di ricambio  
the lights are supplied with canopy, chain and spare parts

applicazione disponibile - available application

## LEDyBulb Innovative LED Technology

Formia International's patent

**LEDyBulb** consiste in una parte metallica, cromata o dorata, di h cm 7 o h cm 12, equipaggiata con 3 LED, per un consumo totale di 4 Watt. In questo tubo metallico viene alloggiato un diffusore, in materiale plastico (PMMA), di forma tonda o ad oliva, come le tradizionali lampadine ad incandescenza. L'intensità della luce è come quella di una lampadina a 40 Watt, la diffusione è a 360° e la resa cromatica è a scelta tra: fredda/bianca; normale /bianca o calda/gialla.

**LEDyBulb** comprises a 7- or 12-cm-long chrome- or gold-plated metal component equipped with three LEDs for a total power consumption of 4 Watts. A plastic (PMMA) diffuser is then fitted into this metal tube with a rounded or oval shape similar to that of traditional incandescent light bulbs. The light intensity is the same as that of a 40 Watts light bulb, guaranteeing a 360° diffusion and the shades available are: cold/white; normal/white or warm/yellow.

### i 7 vantaggi di LEDyBulb

- bassi consumi: 4 Watt contro i 40 Watt della lampadina incandescente
- durata di 50.000 ore
- durata infinita del diffusore a forma di lampadina
- medesima intensità luce di una lampadina a 40 Watt (LUX)
- medesima diffusione di una lampadina (360°)
- medesima estetica di una lampadina (tonda o oliva)
- colore della luce o resa cromatica a scelta: fredda/bianca; normale/bianca; calda/gialla

### 7 advantages of using LEDyBulb

- low energy consumption: 4 Watts instead of the 40 Watts of an incandescent light bulb
- lifetime of 50,000 hours
- the light-bulb-shaped diffuser has an extra-long lifetime
- same light intensity as a 40 Watt light bulb (LUX)
- same diffusion as a traditional light bulb (360°)
- same shape (rounded or oval) as a traditional light bulb
- range of shades available: cold/white; normal/white; warm/yellow

MODULO  
ELECTRO  
www.modulelectro.ru

**MODUL**  
ELECTRO  
[www.modulelectro.ru](http://www.modulelectro.ru)

Tutti gli articoli delle nostre collezioni sono eseguiti a mano nella nostra fornace a Murano.

Ogni nostro prodotto è firmato e riporta l'etichetta di garanzia Murano con il nostro numero di certificazione: n.037.

Tutte le lampade sono in conformità alle direttive europee e alla UL General Coverage per Stati Uniti e Canada.

L'azienda si riserva di apportare ai propri prodotti eventuali modifiche estetiche e/o tecniche che ritiene opportune.

Each item of our collections is handmade in our furnace in Murano.

Our pieces are all signed and marked with the Murano glass guarantee, including our certification number 037.

Our lamps comply with the EU directives and with the UL General Coverage standards for USA and Canada.

Our firm reserves the right to modify its items for the technical or design aspects whenever necessary without previous notice to the customer.
