INSPIRATION

Ilfari is Dutch Design, Slightly eccentric,
Music is the inspiration for our designs.
The modern music: Dance music.
In this modern technical music you will find many classical touches.
Most Dance Music; Trance, Club and Lounge are easy
to translate in classical music parts.
Simplicity combining with effects is playing with your imagination.

In the fascinating designs of Ilfari you will find
the same philosophy.

A highly progressive look, almost artistic on light,
in combination with a subtle use of classic or baroque elements
and Swarovski crystals resulting in exclusive lighting objects.

Objects that will give modern as well as classic interiors
an individual almost revolutionary turn.

Be inspired by this new catalogue.
