...if you only could imagine, the right light!

**4 years**  
Long-life warranty

HYDROLINE 14/B  
a smart solution for your projects...

*Hydroline/B IP67* is the perfect solution to obtain pleasant and **soft lighting effects** on building walls, floors, cornices, profiles, window sills in public areas or private buildings perimeters both Outdoor or Indoor thanks to his **low visual impact**.

*Hydroline/B IP67* is complete with an electronic ballast and ready for parallel connection of several luminaires.

**MODUL**  
ELECTRO

[www.modulelectro.ru](http://www.modulelectro.ru)

- 230 V (220 → 240V) short circuit and overload protected
- 14 watt
- **Stainless steel** screws
- High corrosion resistance **die-cast aluminium body**
- Polyester painting with phosphocromating pre-finishing
- Clear tempered glass standard (completely frosted glass on request)
- Protection against impact **IK 10** (20 joule)
- T-5 **bulb G5** socket fluorescent
- Pg **13.5** cable gland (Ø 6÷12 mm wires)
- Unit Gross weight Kg 3,3

Warning! Always follow system standard rules when installing "Hydroline IP67".

HYDROLINE 14/B

# HYDROLINE 14/B

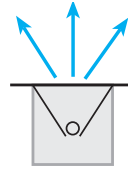

14 Watt max

T5 / G5 electronic

220-240 Volts / 50-60 Hz

IP67 - CE  

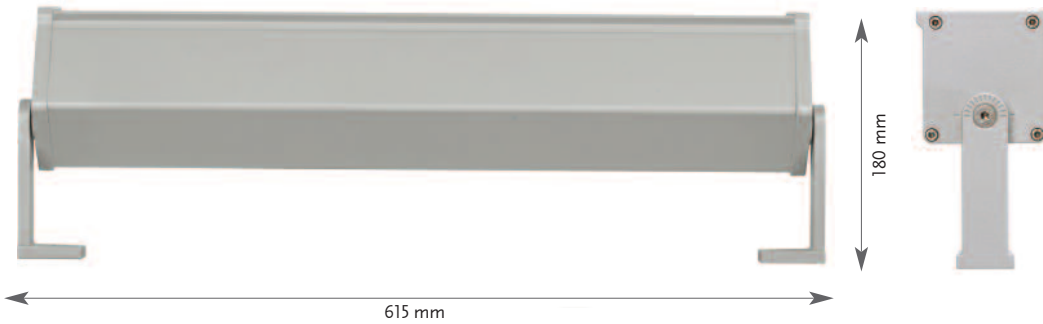

Clear glass standard  
(completely frosted glass on request)

S = Symmetric reflector

HYDROLINE 14/B

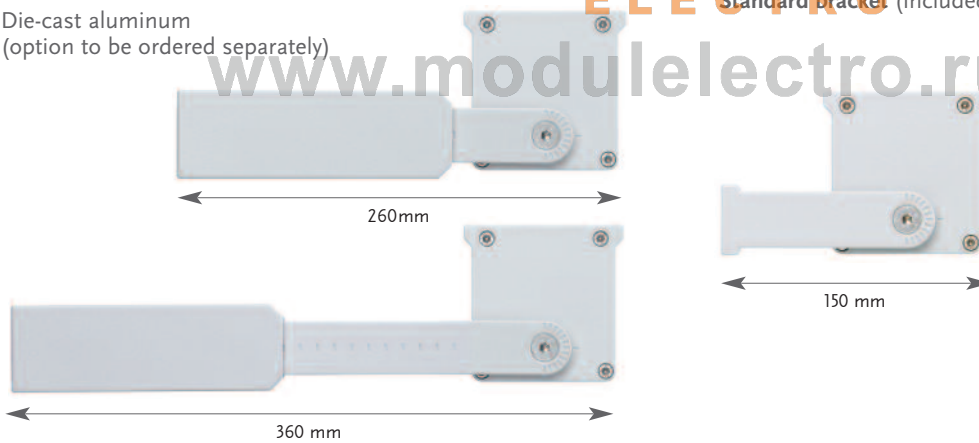

## MODUL

HL-01:  
Wall extensible bracket

Die-cast aluminum  
(option to be ordered separately)

ELECTRO Standard bracket (included)
